2 *Frances - It was too bad that you
weren't in any of my classes this year.
Hope you'll be in some of my classes next year?
This year has been so much fun -
Hope you did have fun too! Have a great*

Frances, you are a real nut.
It has been a blast being in your history class!! - Stay cute and nutty.
See you next year. Marleen

We walk through silent halls,

Frances -

In remembrance of the past year. - the rides with your "chauffeur" (no ~~more~~ disrespect intended). In remembrance of Saturday morning costume designers. - You're a great light worker. Have this summer. (Let your bangs grow down to your knees)

Love ya,

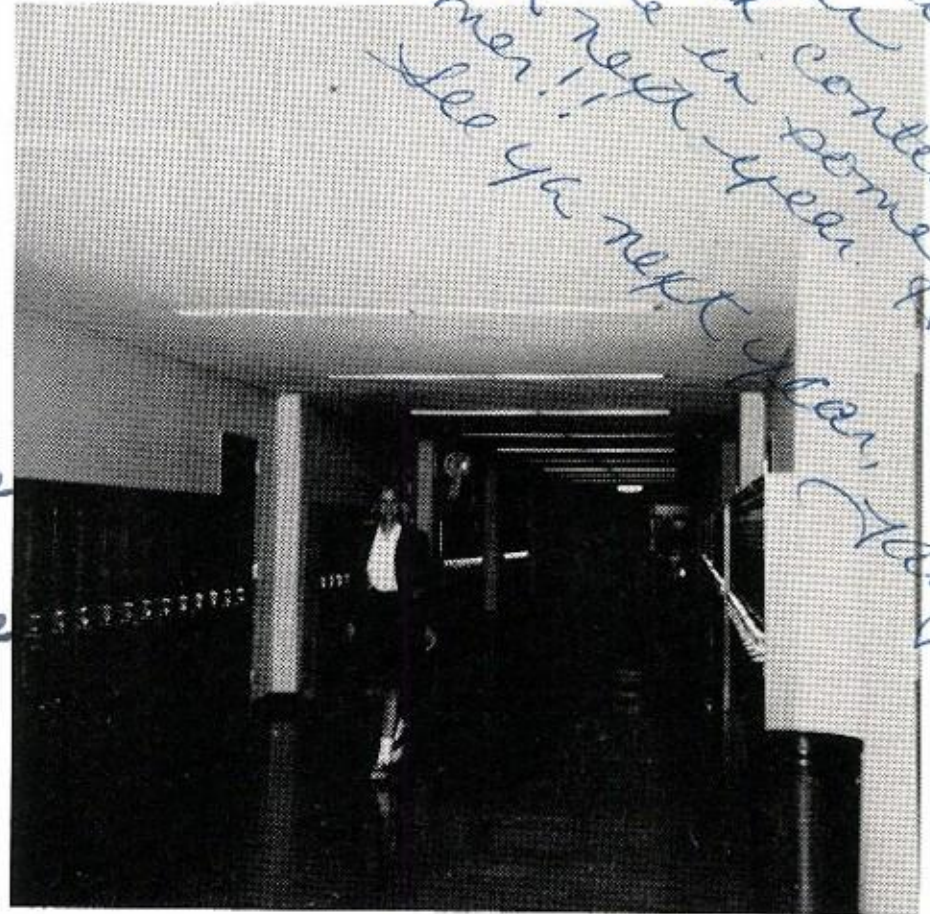

fan (R.)

Yea class of '68

Empty, because classrooms are full.

Frances, this year I am so glad to know you for two years and hope our friendship will continue! I hope we'll be together next year. Have a great summer! See ya next year. Yea class of '68

Frances was so sweet and we were together and sure had a blast. We haven't really gotten to know each other yet. Your coming back next year is a good luck! Bye. (Name)

We see a student clouded with laboratory vapors

*I nances, It has
been really wild
knowing you this year
and you have helped
to keep things going -
Hope you have
loads of fun this
summer.
Love ya,
Les*

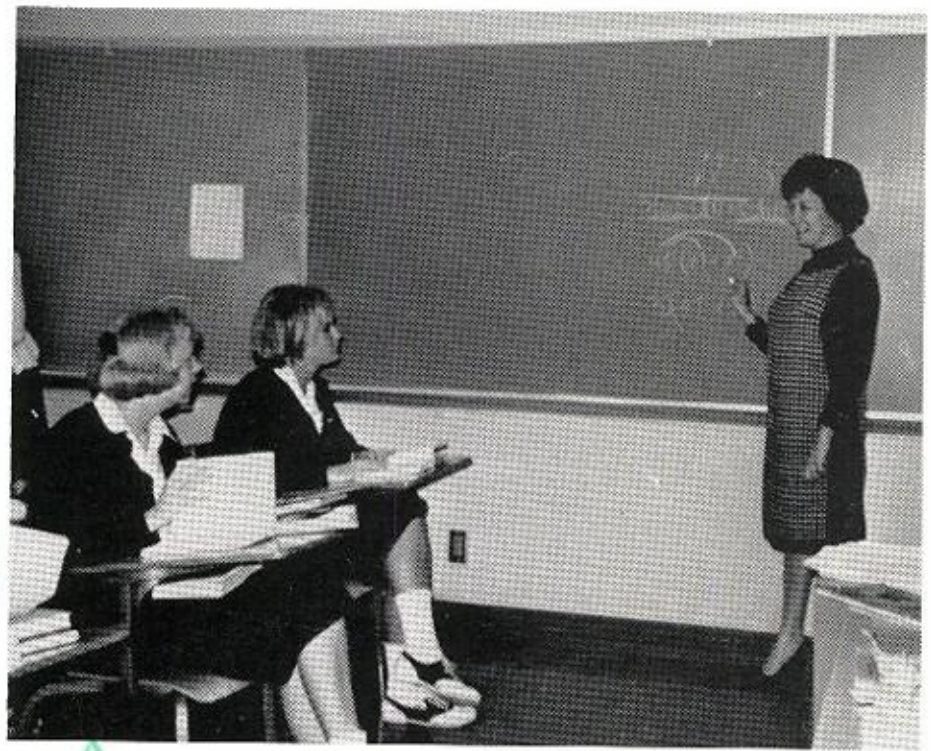

She is progress through knowledge.

Somewhere, a student opens a book

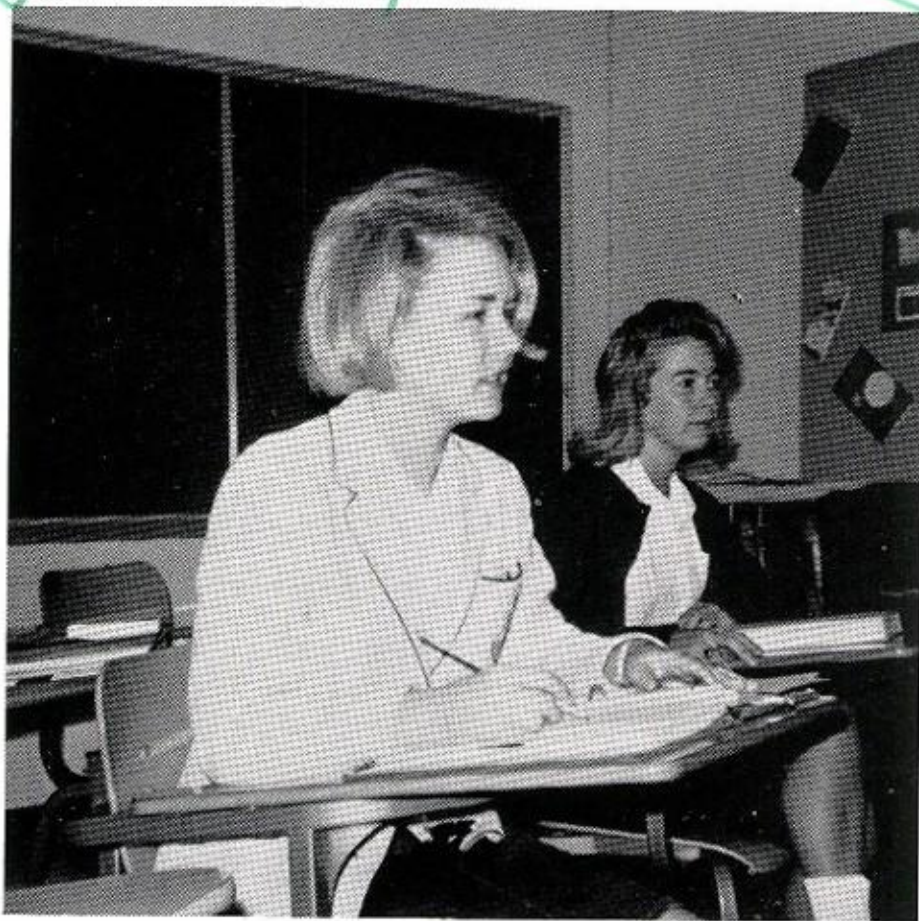

The day the two meet,
Brick, steel, and stone
turn to education.

A teacher speaks

A student listens

Joanell swell
 girl that added a
 lot to our history
 class - Please
 stay as sweet as
 you are and
 have a blast this
 summer
 Love,
 Joyce

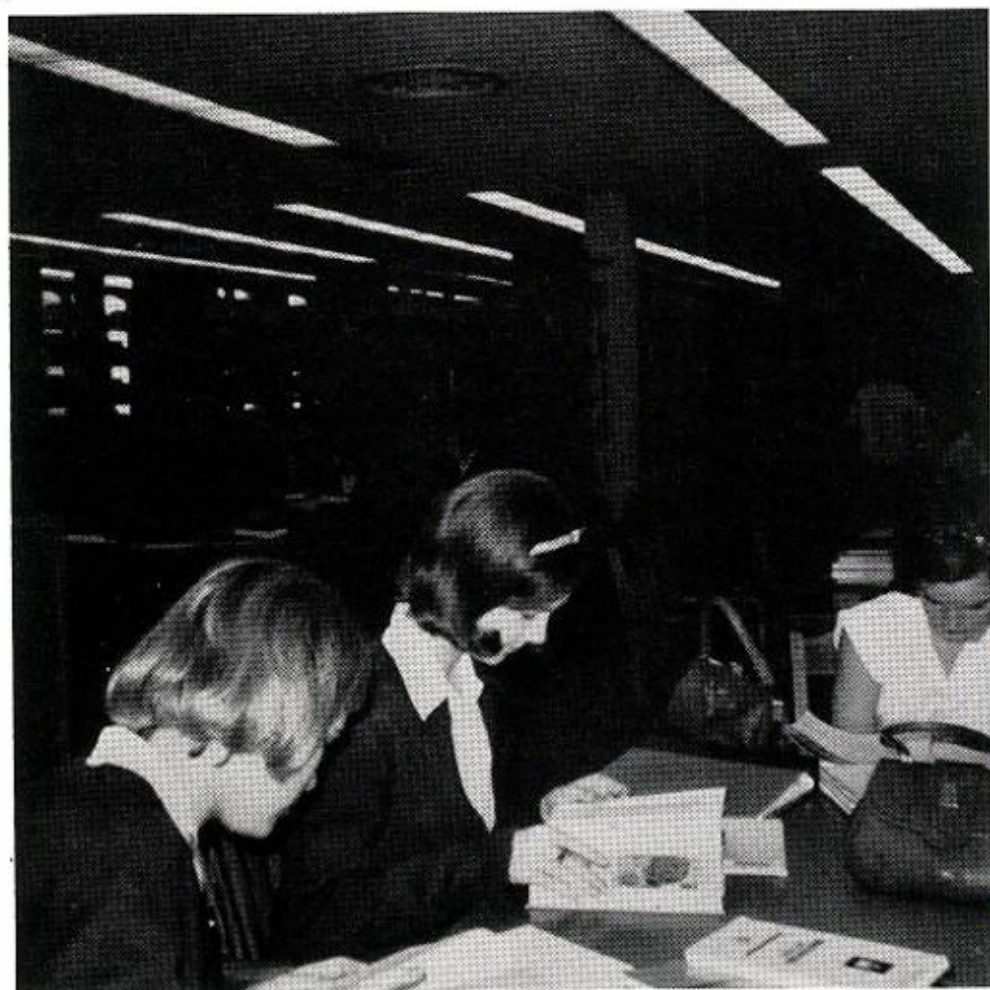

Suddenly a union forms
 This is the final search,
 A student on her own,
 Working, collecting, and saving for the future.

We are given the tools:

A place to study

Janebo —
says, you really
added to the Drama
club this year! (Puns
and all!) It's fun working
with you and I know
you'll be a great success!

P.S. Maybe someday Mr.
Dintant will learn
our names!

To work (ugh!)

At least no more of.
That fun messenger service,
but it wasn't too bad, was
it. Sorry I can't write
200 word sentences like
you, but anyway. Have a
fun summer watching
your hero on The Man from
U.N.C.L.E. Um-mm
Bye,
Love,
Audra

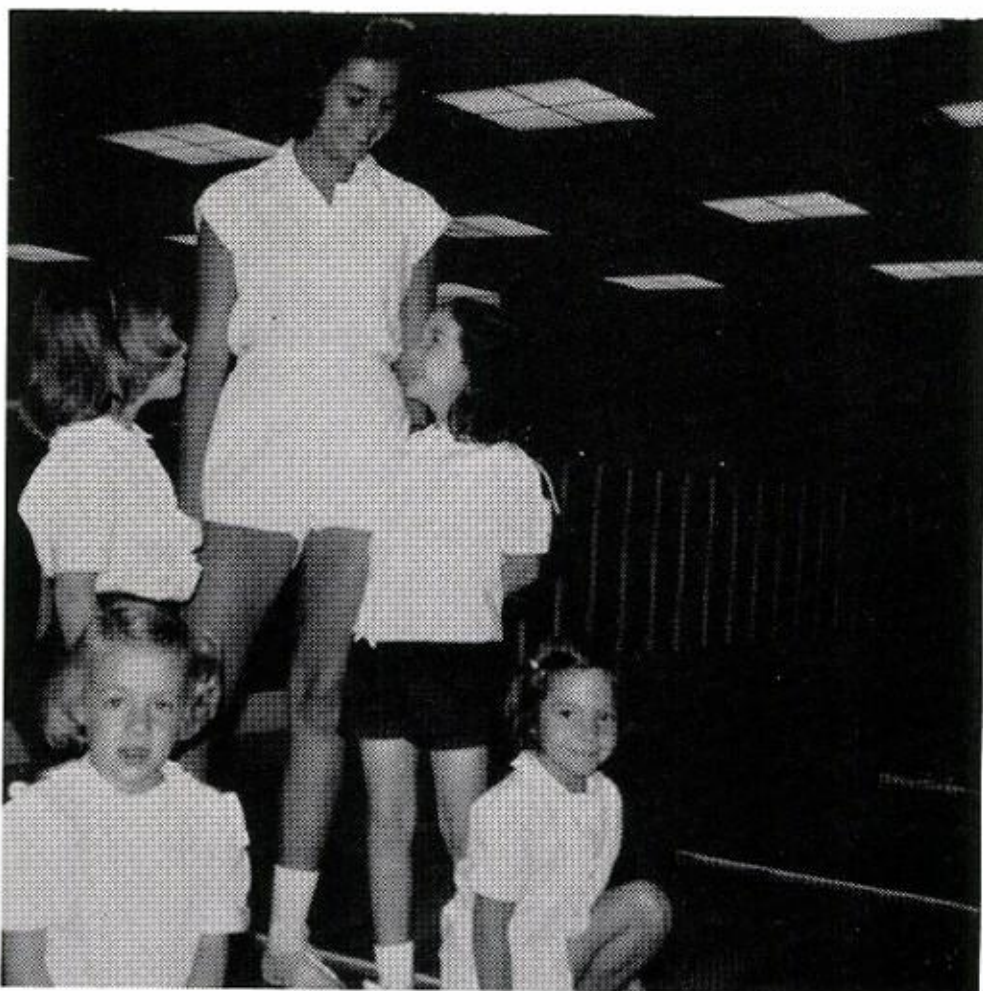

To live

Francis
 It's been fun riding
 the bus. I don't want to
 next year. NO more
 hanging about Mrs.
 + Mary from V.N.C.L.
 Love ya
 D. G. Miller

To grow

Frances -
 Honestly, I'd have
~~to~~ to say you're one of
 the funnest people I
 know. Some of your
 jokes in English are
 just too much. Anyway,
 have fun this summer,
 Don't lose your wit.
 Love ya,
 Ann

To climb upward in a final search for perfection -

Too bad we'll never
reach perfection. It has
no one but one, wise
and he reached it long
ago. Just in case you
didn't notice yet. It
has been gone. And you
wonder of wisdom and
Mrs. Darling's boarding
say and missing you
learning point & phase. I am not using
sensible. There must be a need.

And when we leave, we are no longer children - We have

finally earned now
to get things and
even the majority of
the time is women. Why?
Some day I'll tell you
the rest of it.

See you
in the
fall

Yet not quite adults

Our lives are still to be molded by the
challenges which follow.

Many individuals, facilities,
and ideals

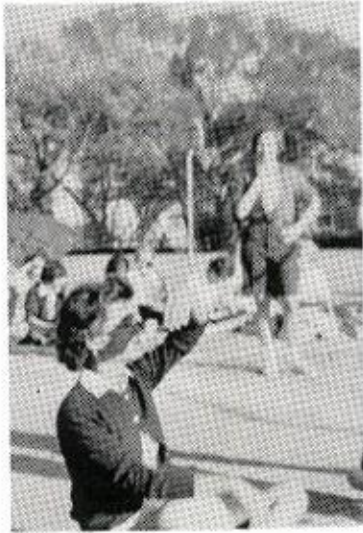

In unison . . .

... Hockaday

Dedication

You know her by her stacks of orange note pads
You recognize her as that petite figure in the bright
pink gym suit scampering to and from the gym-
nasium.

You know her by her tattered sailor hat

You know her as the loyal supporter of the Fourth
Form, the efficient organizer of the Athletic Board,
and the capable sponsor of the Student Council.

You know her by her gift of grace and of graciousness.
But you know her best by her sparkling optimism.

Gifted with the exuberance of ten people, she always
puts a little hope in every despair, a little light in
the darkest tragedy, and immeasurable joy into
each and every day.

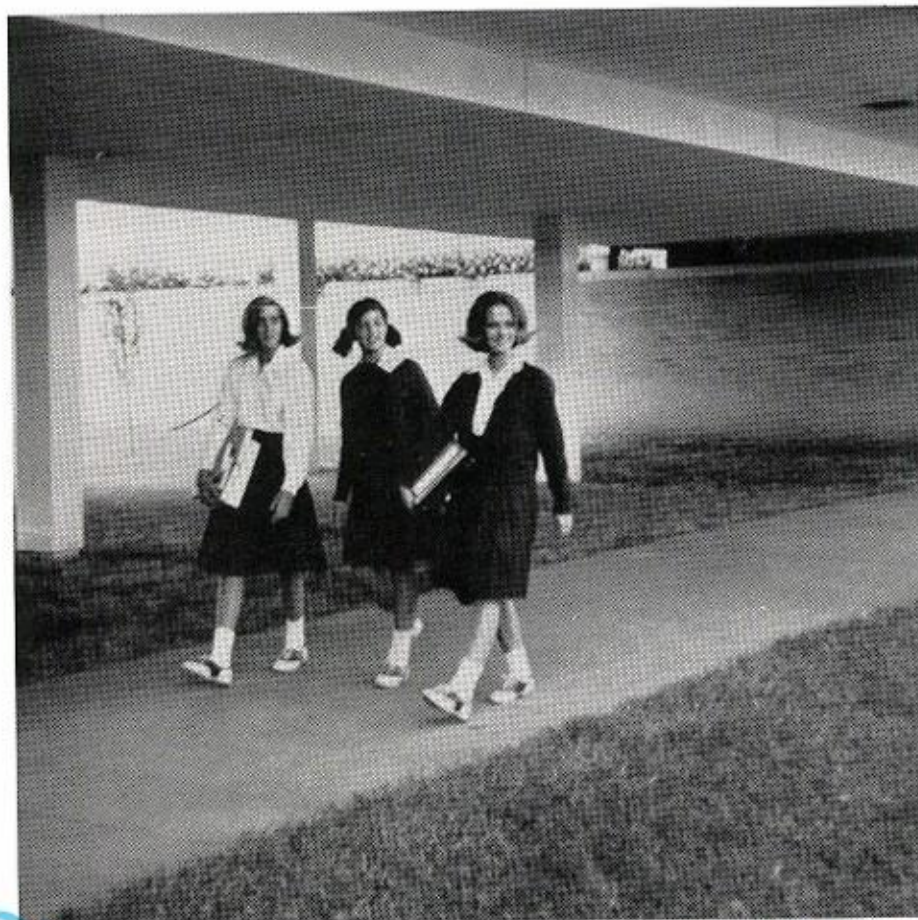

For her dedication to the Senior Class, and to the
entire student body, for her effective leadership of
the Athletic Board and Student Council, and for
her great contribution of happiness to all of us,
the Senior Class gratefully dedicates the 1965
Cornerstones to Mrs. William G. Duncan.

MRS. WILLIAM G. DUNCAN

To one of Miss Grou's greatest admirers. (hah)

Francis, Besides having to listen to you all year in English, it's been fun. Be sure to keep yourself out of trouble this summer with all your little sarcastic remarks. Keep up your good form & ~~let~~ let me know if you join my club next year. It's called "Francis" & I'll see you next year.

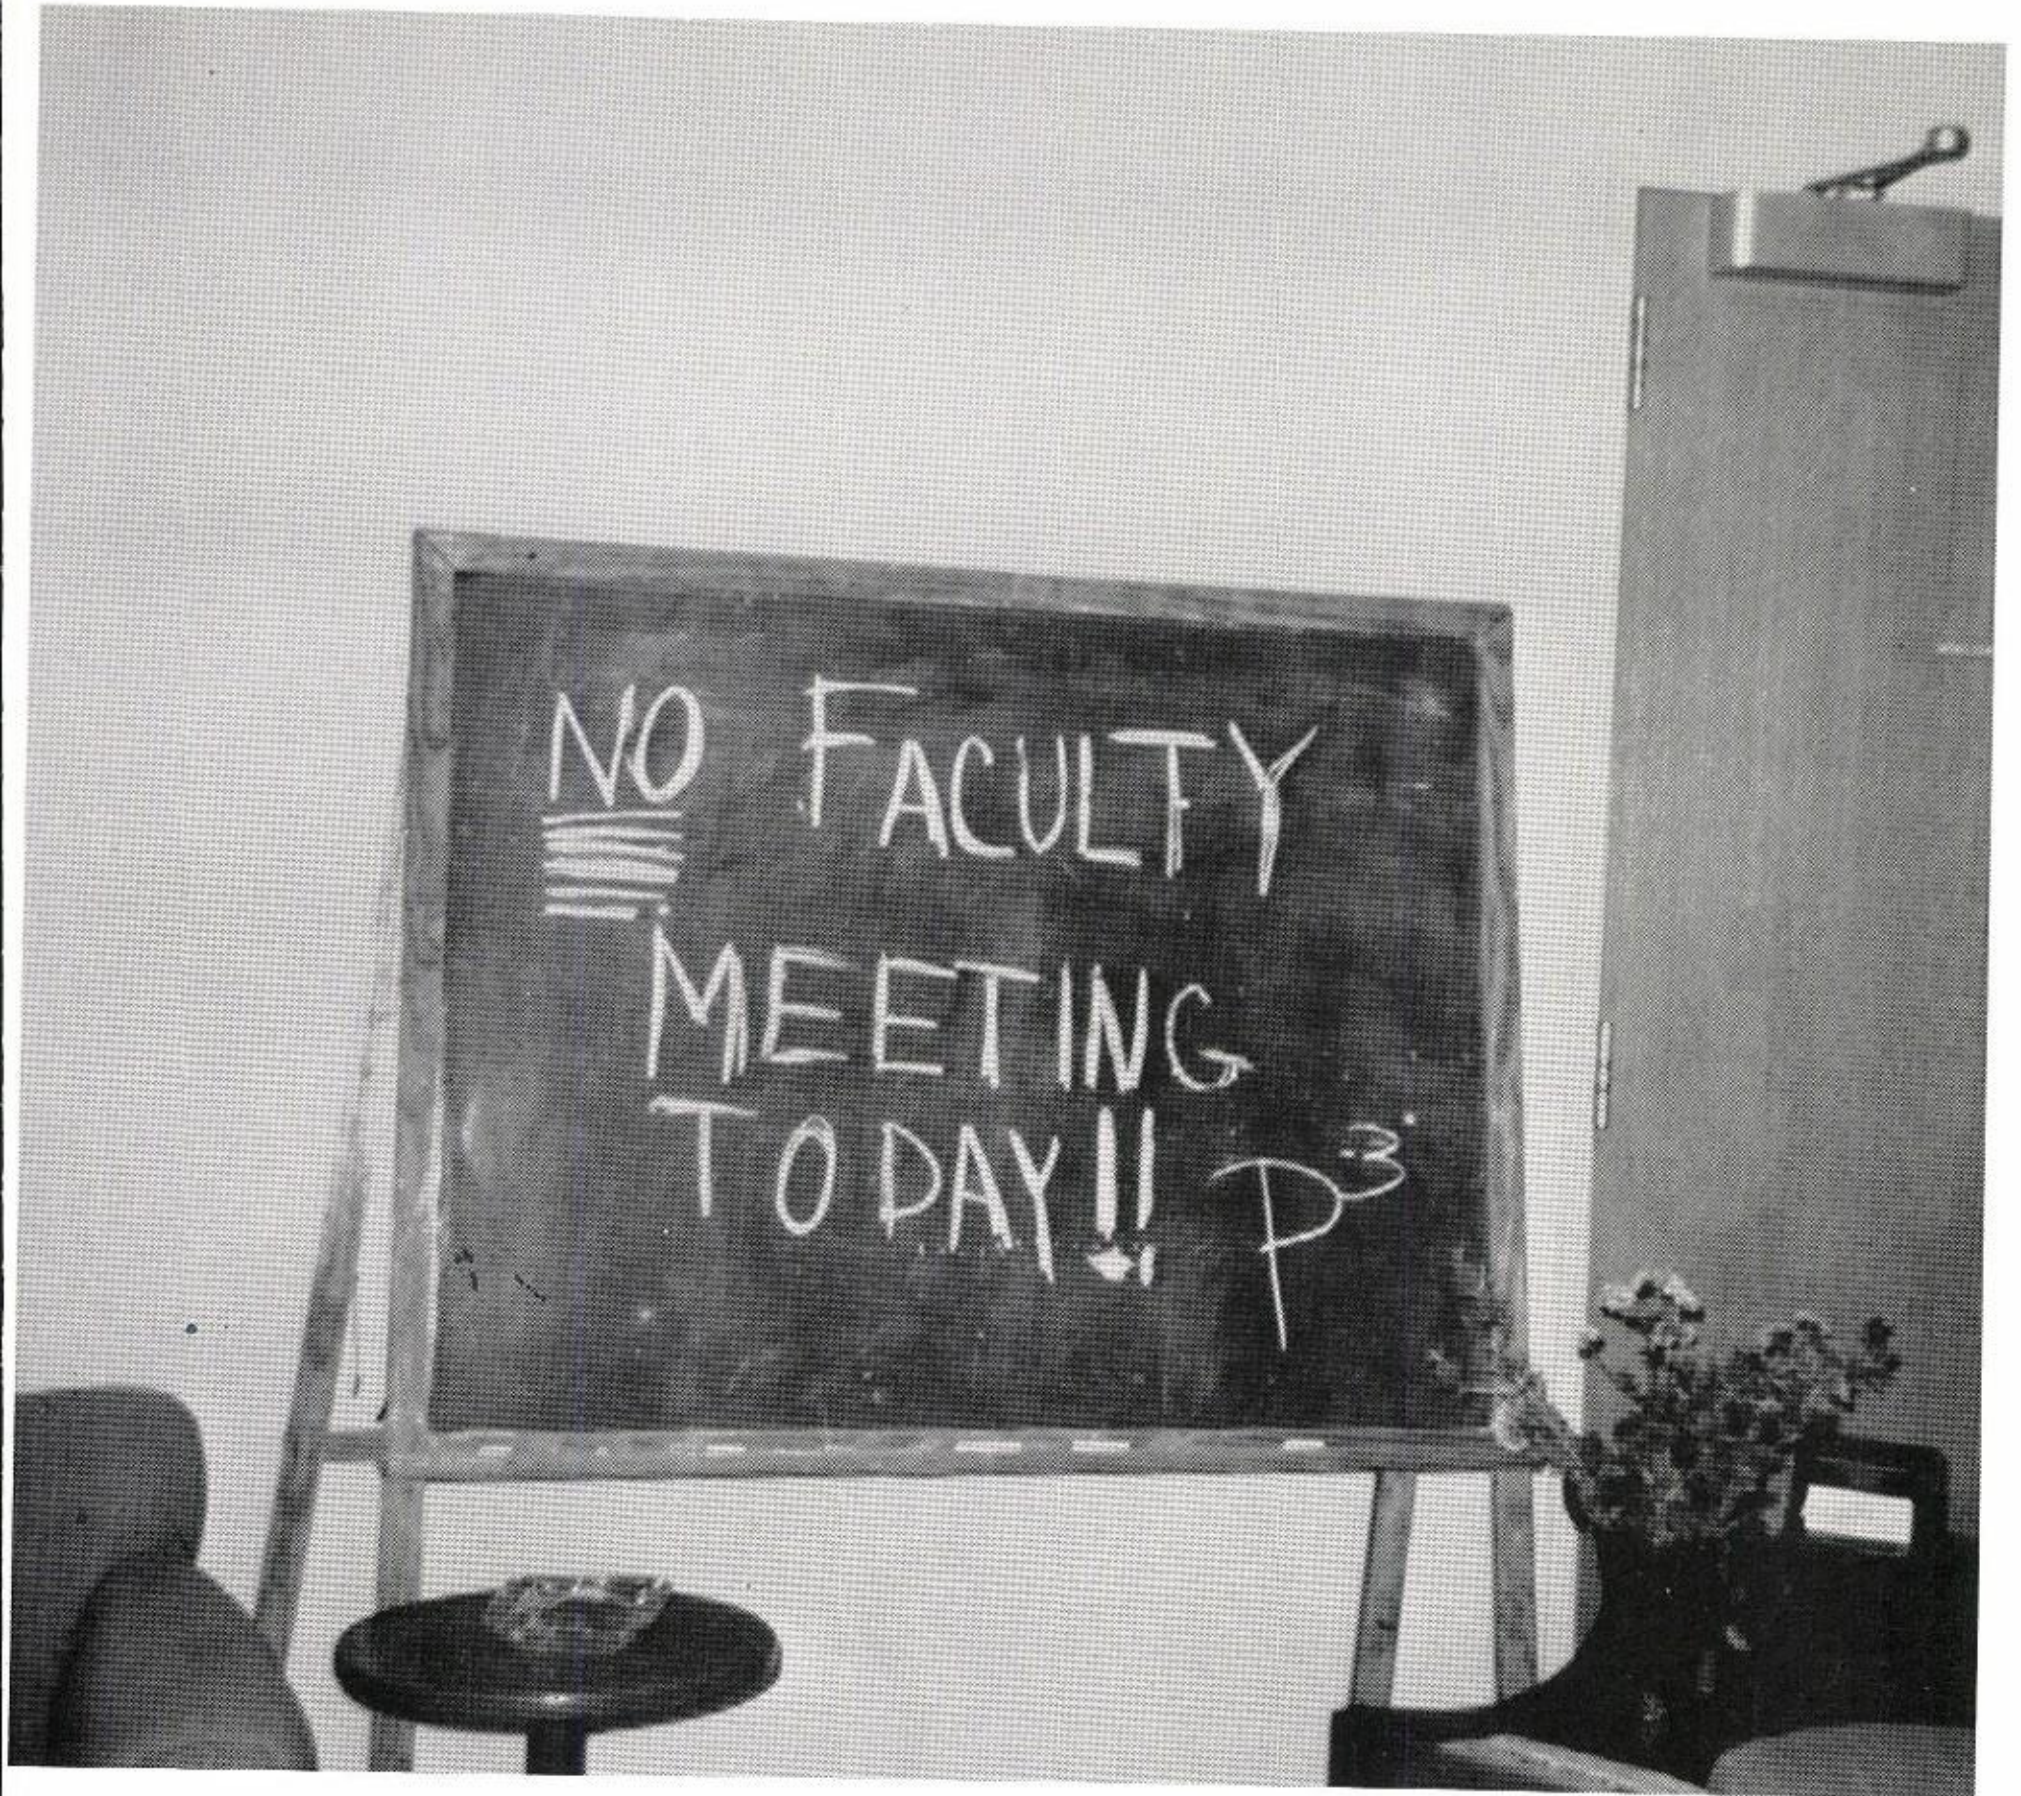

Be good,
Jan

SENIORS

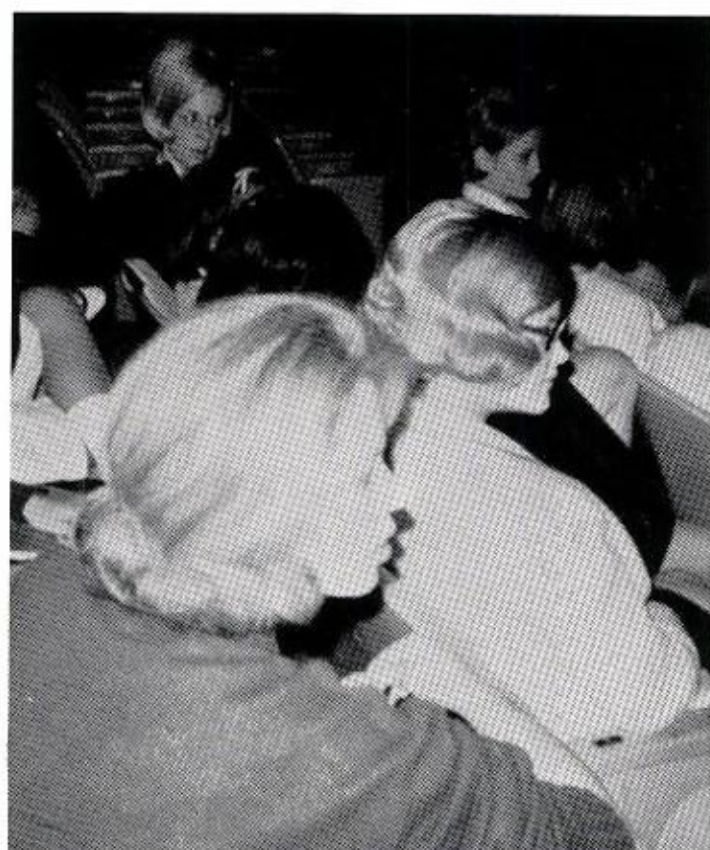

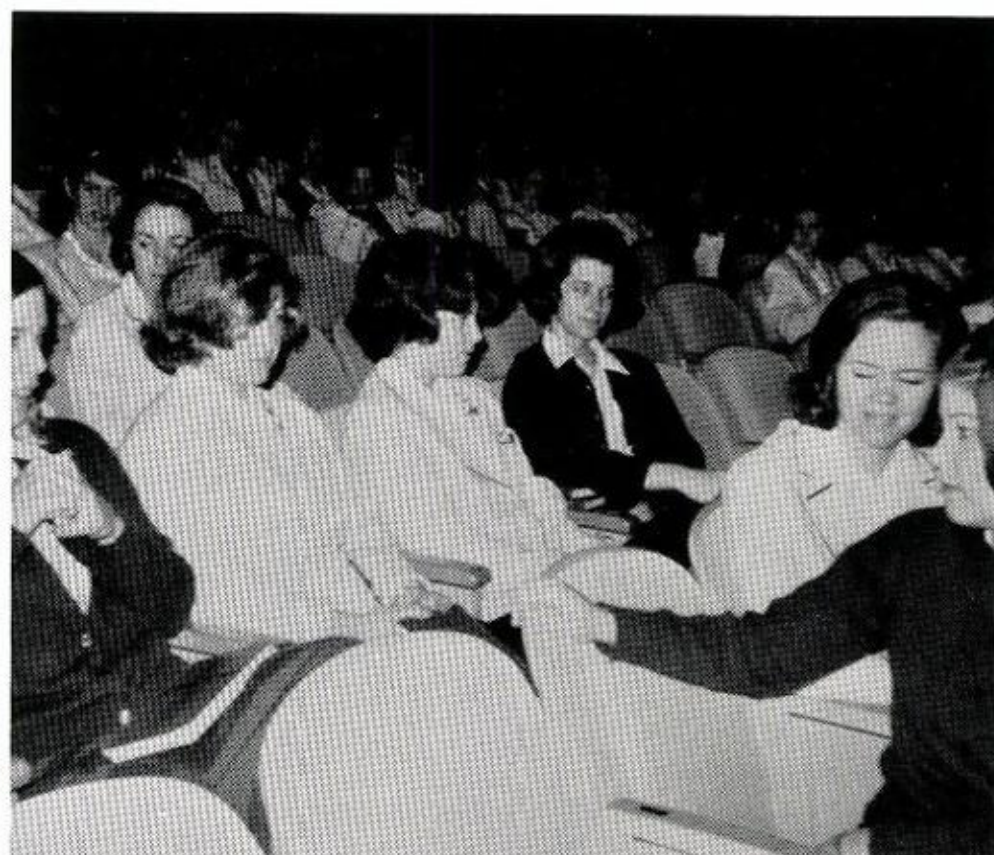

Left to right: Chris Longoria, Dealey Decherd, Linda Shanbaum, Kitt McCord.

The greatest responsibility of the Senior class is acting as the student leaders of the upper school and setting an example for the other students to follow. As their school service projects, seniors give chapel, supervise study hall, plan their senior weekend, and hold a tea honoring the faculty. For VAE community service project they collect money for books for East Dallas school children. Money making projects include selling calendars. At the end of the year faculty take-offs are presented and the Senior dinner and prom are planned.

Second Form

This year the Second Form will undertake many important responsibilities. For the School Service Committee, their projects include: maintaining quiet in the bookstore and fine arts corridors, collecting attendance slips at the end of the day, supplying current magazines for the infirmary, and polishing the school trophies regularly. As their Community Service project, the Second Form plans to give a children's party for the orphans from various homes. As their money-raising project this year, the Second Form is sponsoring the Lost and Found.

First Form

This year the First Form will undertake several projects. The girls will give a party for the children of a local orphanage. Entertainment will be provided by a dog act and the girls will take boxes of clothes and food to the children. In addition, they will assist in the library and will be responsible for the equipment used in the P.E. classes. Profits from bake sales and other money-making projects will finance their form dance and a tea honoring the faculty.

The Community Service Committee is a representative group of the entire student body which raises money for various charitable organizations. Projects such as the style show sponsored by Neiman Marcus, the car wash for the faculty's cars, and the Pet Show in the spring, give the members of the committee a chance to earn hours for their Red-Cross badges. Whether working as volunteers at the childrens hospital, or gathering Easter baskets for needy children, the Community Service Committee spends its time during the year trying to help the community of Dallas and nearby areas.

Round Table

President.....Nancy McDaniel

Nancy McDaniel and Mr. Merritt discuss the next meeting.

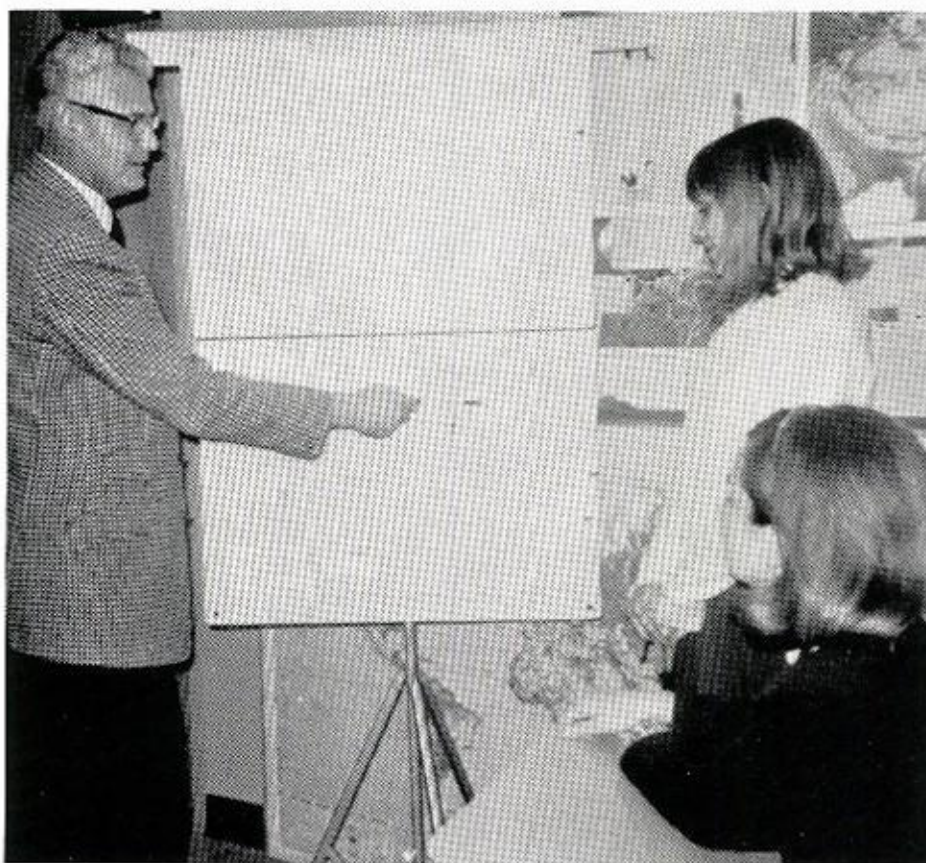

The Round Table is a small, informal discussion group. Each member of the group is responsible for planning and conducting one meeting. She brings to her meeting a particularly interesting book, poem, or essay and reads this to the others. The questions are raised, and the discussions begin. Many interesting and informal debates are centered around such varied subjects as existentialism, political campaigning, and socialism.

Current Events

The main purpose of The Current Events Club is to encourage its members to become well informed citizens. Our primary hope of accomplishment is to acquire information concerning controversial subjects, and to analyze, through our discussions, the major issues throughout the world. Our topics vary from domestic and foreign policies to the life and influence of outstanding leaders. Our informal meetings permit everyone to voice their opinions, whether to agree or to disagree. Thus, with a better understanding of our government and its aims, we hope to become the responsible and wise leaders of tomorrow.

Mr. Slaughter points out places currently in the news to Susan Mead and Nini Rowe.

The Pretenders also help the Glee Club with their Christmas Show and the Spring musical. The Players are made up of girls who have been in the club for two years and have been picked by a committee for their serious interest in drama work.

At our meetings, we listen to compositions by the great composers of the past, as well as of today. The members who wish to add to our enjoyment occasionally play works which we have been studying. As a help in learning to identify the masterpieces written for the piano, we have a contest in which we take thirty-four compositions and try to identify each work and its composer.

Under the watchful eye and unending encouragement of Miss Ellen Coleman, the Varsity Basketball Team had an exciting season. The practices were long and hard, but by the results of the Houston competition, they were rewarded. Babs Rathbone and Janie Castleman made all-tournament A squad, and Chotsie, Helena Underwood, and Nita Smith made B squad.

This sport created a union among the team players by teaching them to work together while improving their skill and knowledge of the game. Of course, enjoyment was an important by-product, and the entire team would like to thank Miss Coleman for her patience and interest.

The team made a trip to Austin to play St. Mary's Hall and won both the A and the B games. The following weekend, St. Mary's Hall, Casady, and St. Stephen's came to Hockaday for a tournament. Hockaday won second place, with Casady on top.

Synchronized Swimming

The Marlin Club has been quite successful in its first year at Hockaday. It was organized early in September, meeting every Wednesday, with voluntary membership. The girls learned the basic skills and stunts during the first semester and combined them into a water show entitled "South Pacific" during the second semester. Numbers from the show were presented at a symposium at T.W.U. in February, where girls learned more about the necessary preparation for a show. Then, with this knowledge, the girls perfected the water show which was presented in its entirety in May.
